

FOIA Request Directed to US EPA Dated September 23, 2019

- I request in-person access to any and all documents, or documents in electronic format available, as follows:
- All documents relating to releases of hazardous substances to the Passaic River and/or Newark Bay, allegedly attributable to Avenue P Landfill, Newark, New Jersey, as defined by CERCLA § 107(a), 42 USC § 9607(a), including the site located at Avenue P in Newark, New Jersey. The site has been identified in connection with participation in the Lower Passaic River Study Area Cooperating Parties Group, which is currently cooperating with EPA Region 2 on a Remedial Investigation/Feasibility Study for the Lower Passaic River.
- All documents relating to Avenue P Landfill in Newark, New Jersey, at times owned by Newark Redevelopment Housing Authority, including the following:
 - o Any nexus packages regarding such sites,
 - o EPA 104(e) information requests and responses,
 - o Waste stream characterizations,
 - o Final sampling and testing reports,
 - o EPA Administrative Orders on Consent.
 - o All documents assessing the property at Avenue P in Newark, New Jersey for environmental incidences including any and all information and/or documentation relating to discharges of hazardous substances, the contamination, remediation or restoration of this site at any time to the present day.
- All documents that contain information regarding the property at Avenue P Landfill in Newark, New Jersey in relation to remedial actions, land use activities, air impacts, permitting, enforcement actions, environmental site remediation, environmental management, and wetland impacts for the site.
- All documents that contain information regarding the property at Avenue P Landfill in Newark, New Jersey in relation to direct discharges to the Passaic River from the site, either by direct piping or via a discharge to a Publicly Owned Treatment Works and any permitting that would pertain to such discharges, such as a NJDES permit, or a Significant Indirect User (_SIU_) permit.
- All correspondence, violations, enforcement actions, remedial actions, and permits regarding the property at Avenue P Landfill in Newark, New Jersey.
- All documents identified in the US EPA Record Management System as General PRP Info and Correspondence for Avenue P Landfill Site relating to the site NJD980528996 OU::00.

To the extent there is a file room established for the Lower Passaic River Restoration Project that would encompass the documents specifically sought by this request, I request access to that file room, or documents from that file room in electronic format where available.
